ABSTRACT

PUTRI, AGITHA SUSANTI. 2019. *Intrinsic Analysis Upon Collin's Hunger Game, A Dystopian Novel*, English Department, Language and Science Faculty, Wijaya Kusuma Surabaya University. First Advisor: Dra. Rida Wahyuningrum, M.Pd Second Advisor: Bapak Heru Wibowo

Key Words: intrinsic analysis, dystopia, novel, Hunger Games

The objective of the study is to know the intrinsic elements character, plot, theme, setting, and conflict inside *the Hunger Games* Novel. The writer wants to know the elements that built that novel and make the readers understand the story better. This is a qualitative research. The methods first, collected the data that related to the intrinsic elements. After that, the writer analyzes the data by match it to the theory. Then, the writer classifies them into the database that suits the intrinsic elements. The writer then interprets the data by giving detail information to each data. All that was collected are result of this research. The subject of this study is Hunger Games Novel from Suzanne Collins and the writer only focus on the story line and dialogue inside the novel. The data of this study are all the dialogue and narration in the novel using English language. This study found that every intrinsic element in Hunger Games novels has a strong link in shaping characters that are in the reader's eyes. By knowing clearly and the details of the elements that exist can make the reader fully understand the story. Based on data analysis, result, and discussion, it can be seen that the intrinsic elements are important for the reader in order to understand the story deeper. By knowing this, the writer and the reader can understand the intent of the author.
